

SPECIAL QUEENS QUAY CONSTRUCTION NOTICE

Slight Change to Queens Quay 509 Bus Stop at York Street

Effective Thursday, February 14, at 8am, the westbound 509 TTC bus stop at York Street will be moved from its current location along the northside sidewalk to the centre travel lane -- just east of the traffic signal at York Street.

Crews will create a safe bus stop waiting area using jersey barriers in the centre lane. Access to the stop will be from the signalized intersection. Signage will be installed to ensure patrons understand where the stop is located.

This change is required to repair a broken storm sewer in the north travel lane. The stop is expected to remain in the centre lane for about a week after which it will move back to the sidewalk area. We apologize for the inconvenience.

Questions

For more information about this change, please email info@waterfrontoronto.ca or call the Queens Quay hotline 416-214-9990. For urgent construction issues, contact Robert Pasut - Eastern Construction Community Liaison Officer at RPasut@easternconstruction.com or 416-505-3073.
