

ADVANCE NOTICE: QUEENS QUAY CONSTRUCTION

Upcoming Temporary Closure of York Street Between Harbour Street and Queens Quay

A temporary closure of York Street between Harbour Street and Queens Quay will be required from September 15 to October 3. This temporary street closure is required to connect the newly installed stormwater infrastructure on Queens Quay to the existing infrastructure on York Street.

Here's what to expect:

- **Traffic:** There will be no northbound or southbound access to/from Queens Quay from York Street. Westbound traffic on Queens Quay will continue through the intersection.
- **Pedestrians:** All sidewalks and crosswalks on York and at the York/Queens Quay intersection will remain open.
- **Parking layby:** The York Street layby will not be accessible during this closure. The two new laybys located at 208 and 218 Queens Quay will be available for short-term loading and unloading.

York Street will re-open as soon as this construction is complete. The expected completion date is October 2.

Questions:

Email info@waterfronttoronto.ca or call the Queens Quay hotline 416-214-9990.
