Track Reconstruction

Effective July 29, 2012

509 Harbourfront

510 Spadina

Starting Sunday, July 29, streetcars will be replaced by buses on **509 HARBOURFRONT** route, between Exhibition Loop and Union Station, during track work in the Harbourfront Tunnel at Bay Street and Queens Quay West.

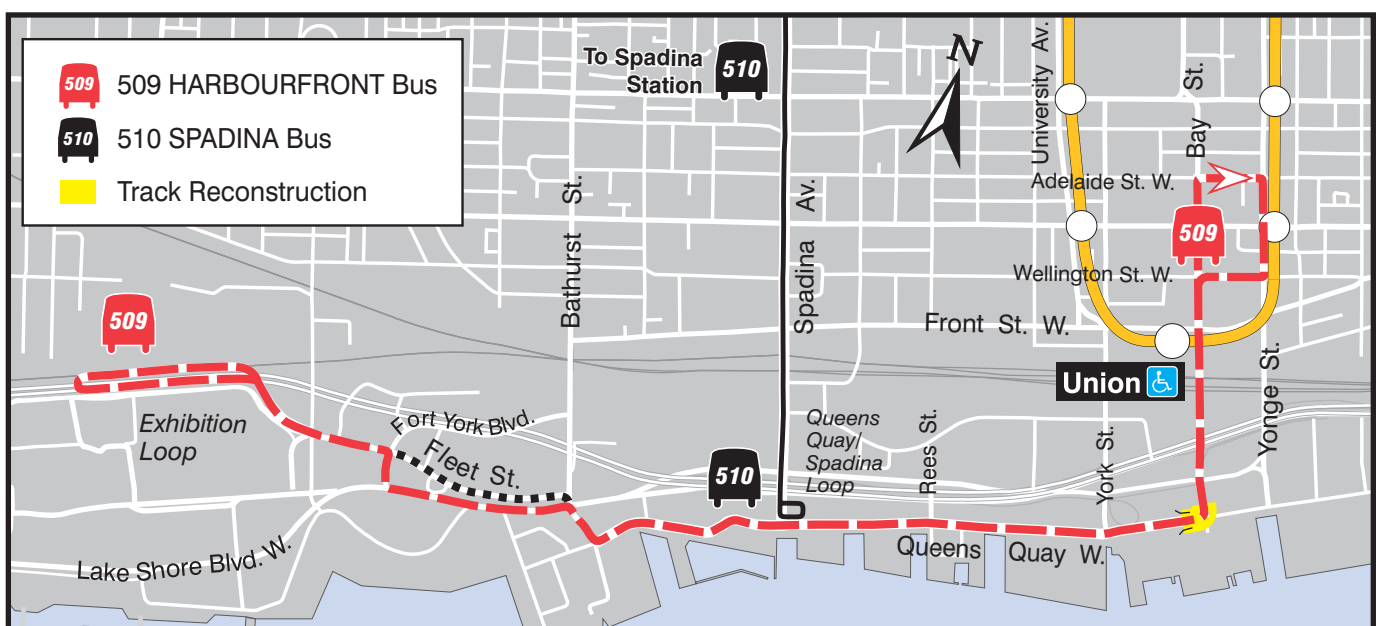

Customers must board buses at curbside stops.

At Union Station, customers can board buses on the west side of Bay Street, just south of Front Street (A paper transfer is required).

The **510 SPADINA** bus service will continue to operate between Queens Quay & Spadina Loop and Spadina Station bus platform.

In September, routing changes will begin on the **509 HARBOURFRONT** replacement buses, in conjunction with the Waterfront Toronto revitalization project.

The project is expected to continue until May 2013.

Construction timelines and route diversions are subject to change due to weather conditions or any other unforeseen events.
