Construction Notice #45: Port Lands Flood Protection & Lake Shore Boulevard East Projects

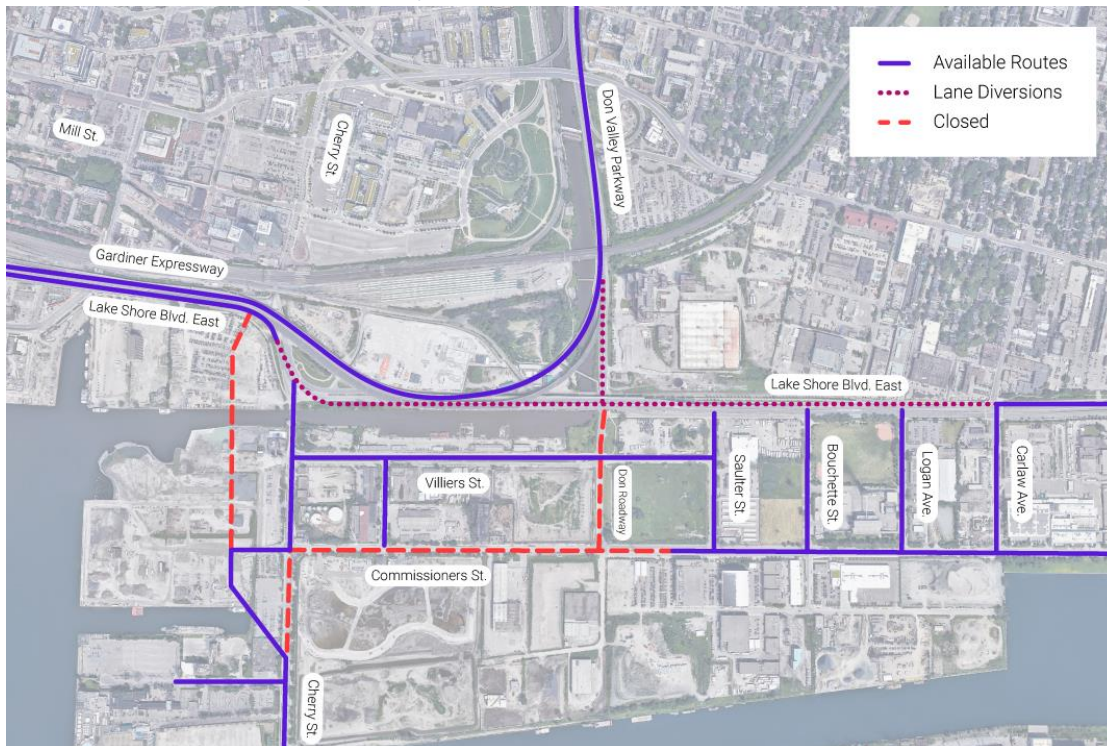

Construction Manager: EllisDon

Traffic Notice

Lane Restrictions on Lake Shore Boulevard East between Don Roadway and Carlaw Avenue, Don Valley Parkway Off Ramp: December 10-18

To prepare to move traffic on to the new half of the Lake Shore Bridge, some lanes will be closed on Lake Shore Boulevard East between Don Roadway and Carlaw Avenue. At least one lane will be kept open in each direction. One lane of the Don Valley Parkway Off Ramp to Lake Shore Boulevard will also be closed.

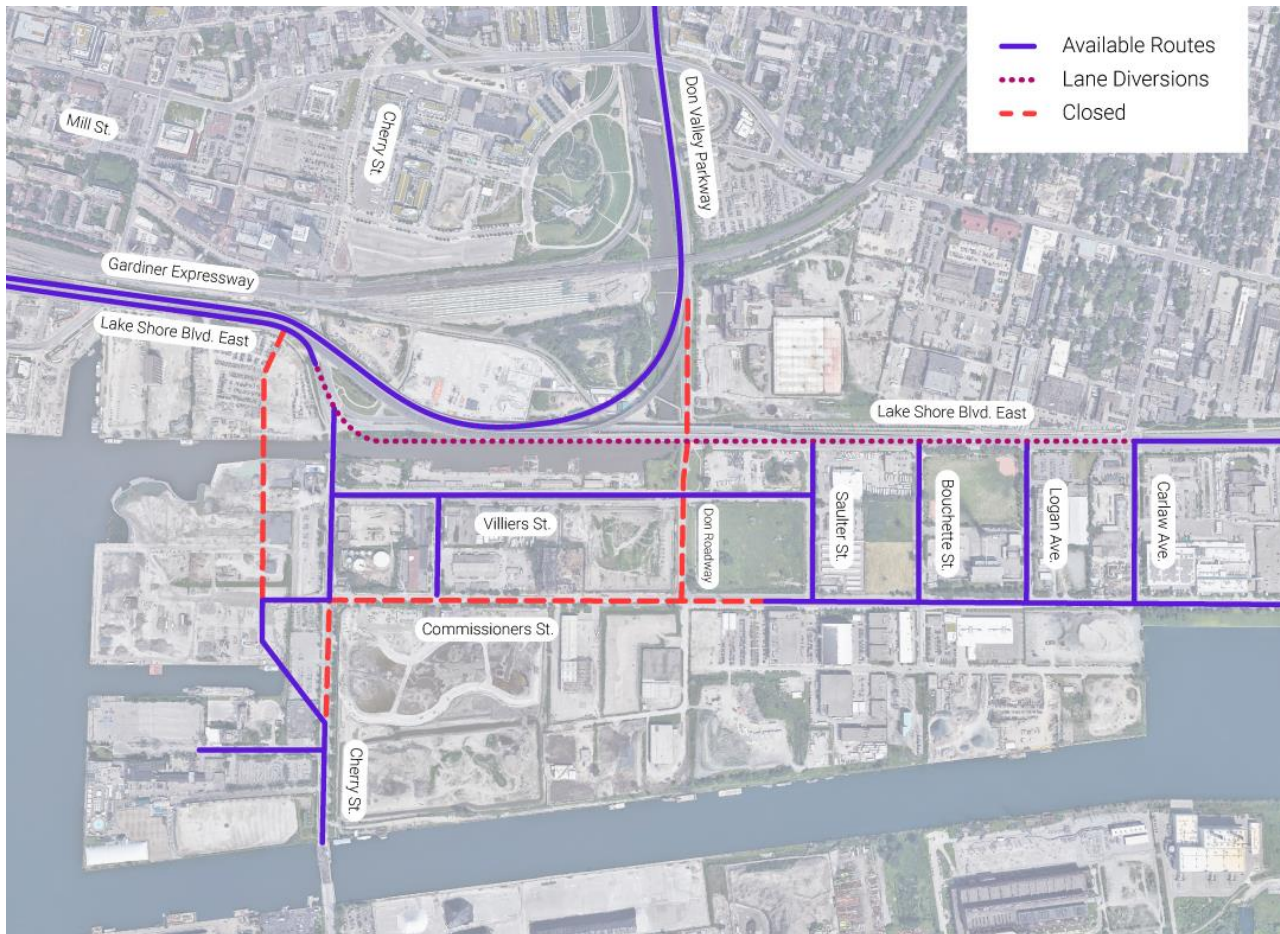

Above: a map showing the status of all roads in the Port Lands during the day, including the lane diversions on Lake Shore Boulevard East and the DVP ramp.

What to expect:

- One lane will be open in each direction on Lake Shore Boulevard East
- One lane of the eastbound traffic will be closed between Don Roadway and Carlaw Avenue
- One lane of the off ramp from the Don Valley Parkway to Lake Shore Boulevard East will be closed
- The closures will be marked by traffic cones

Nightly Closures of the Don Valley Parkway Ramps at Lake Shore Boulevard East: Starting Monday, December 11

To prepare for construction of the north half of the Lake Shore Bridge over the Don Roadway, the ramp to and from the Don Valley Parkway (DVP) to Lake Shore Boulevard East will be closed nightly for approximately two weeks. The nightly closures will start on Monday, December 11. Nightly closures will begin at 10 p.m., and the ramps will reopen by 5 a.m.

Above: a map showing the status of all roads in the Port Lands at night, including the closed ramp to/from the Don Valley Parkway.

What to expect between the hours of 10p.m. and 5a.m.:

- There will be no access to the DVP from Lake Shore Boulevard East
- The exit from the DVP to Lake Shore Boulevard East will be closed
- The closure will be marked by traffic cones

Construction Update

We recently added water to the Don Greenway, making it the first of our new wetlands to be completed. The Don Greenway will be a new secondary outlet for the Don River. In large floods, water from the Don River will flow through the Don Greenway into the existing Ship Channel. In normal conditions, the wetlands in the Don Greenway will be sustained by water from the Ship Channel. Watch this video to learn more: [Flooding the Don Greenway - YouTube \(https://youtu.be/lYnezjXEenc?si=Wf3hRilLTTTRsc-xD\)](https://youtu.be/lYnezjXEenc?si=Wf3hRilLTTTRsc-xD)
