

June 2025

Construction Notice #55: Port Lands Flood Protection & Lake Shore Boulevard East Projects

Construction Manager: EllisDon

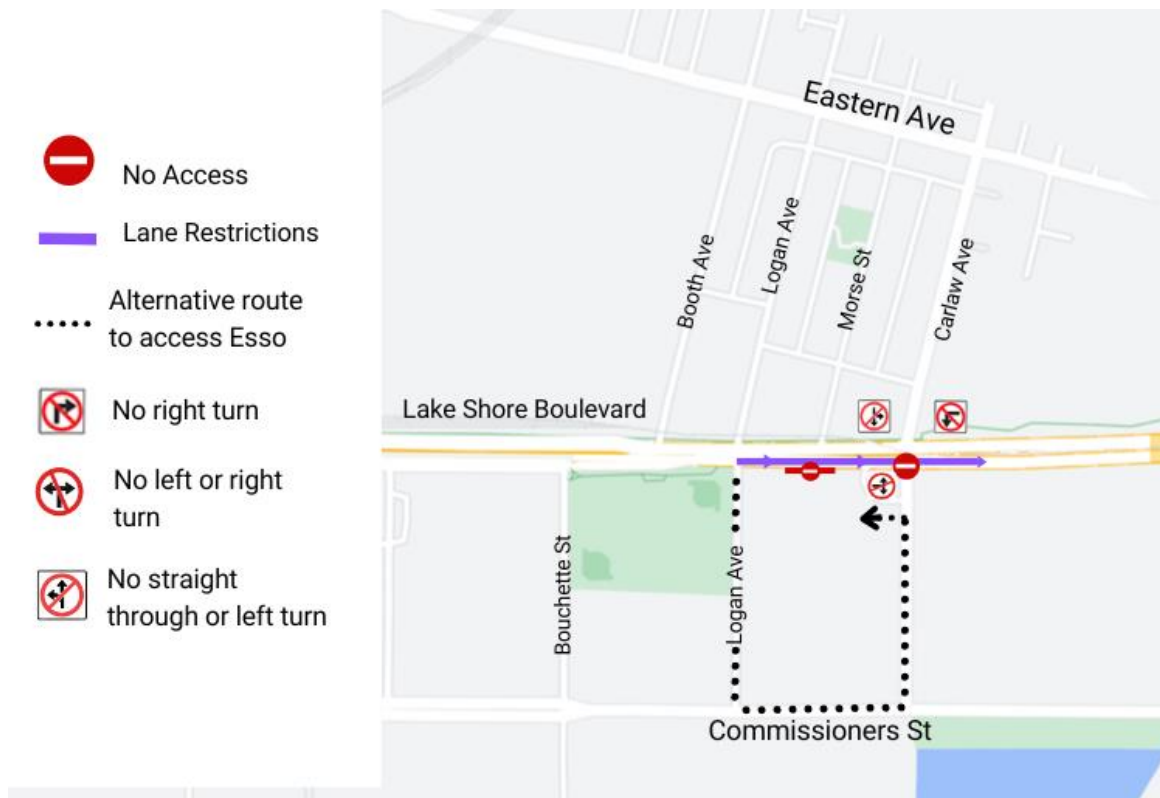

Traffic Notice

Lane Reductions and Partial Intersection Closure at Lake Shore Boulevard & Carlaw Avenue:
Friday, June 6th at 9:00 p.m. to Tuesday, June 10th at 5:00 a.m.

Lanes will be reduced on Lake Shore Boulevard around the Lake Shore Boulevard and Carlaw Avenue intersection. There will be no access from Lake Shore Boulevard to Carlaw Avenue south of Lake Shore.

This work is part of a multi-phase approach to rebuilding Lake Shore Boulevard between Carlaw Avenue and Don Roadway. Work in this phase includes removing the existing asphalt, pouring a new road base, new paving, and line markings in the intersection.

All work on Lake Shore Boulevard between Carlaw Avenue and the Lake Shore Bridge is expected to be complete by the end of 2025. At the completion of this project, Lake Shore Boulevard will be three lanes in each direction with new landscaping and pedestrian and cycling facilities.

Above: a map showing the location of the closure Carlaw Ave southbound and the alternative route to access the Esso station from Lake Shore Boulevard eastbound due to the closure of the entrance along Lake Shore Boulevard.

There will be no right or left turn from Lake Shore Boulevard eastbound to Carlaw Avenue. There will be no left turn from Lake Shore Boulevard westbound to Carlaw Avenue southbound. The Esso entrance along Lake Shore Boulevard will be temporarily closed. Access to the Esso Station can be found by driving southbound on Logan Avenue, turning left on Commissioners Street, and turning left on Carlaw Ave.

Why are we doing it this way?

- A phased approach allows us to keep traffic moving through the Carlaw intersection as smoothly as possible. The alternative is to fully close the intersection, which would be more disruptive to traffic.

What to expect starting 9:00 p.m., Friday June 6th:

- On Lake Shore Boulevard Eastbound:
 - No left turn on to Carlaw Avenue northbound
 - No right turn on to Carlaw Avenue southbound
 - There will be lane restrictions as it approaches Carlaw Avenue
- On Lake Shore Boulevard Westbound:
 - No left turn on to Carlaw Avenue southbound
 - Traffic will be reduced to a single through lane as it approaches Carlaw Avenue
- On Carlaw Avenue north of Lake Shore Boulevard:
 - No access to Carlaw Avenue south of Lake Shore Boulevard
 - Lane restrictions as you approach Lake Shore Boulevard
 - No left turn on to Lake Shore Boulevard Eastbound
- On Carlaw Avenue south of Lake Shore Boulevard:
 - No access to Lake Shore Boulevard or Carlaw Avenue north of Lake Shore
 - Carlaw Avenue will remain open between Commissioners St and the closure, and can be accessed via Commissioners St.
- Pedestrians and Cyclists:
 - The sidewalk remains closed on the south side of Lake Shore Boulevard East between Carlaw Avenue and Bouchette Street. A detour is in place along Commissioners Street.
 - The multi-use trail on of the north side of Lake Shore Boulevard will be temporarily relocated and outlined using concrete barriers.
- All lane closures will be marked with traffic barrels or fencing and paid-duty officers may be on site during the closure and installation of the new traffic barriers.
