

Public Forum: Port Lands Implementation Strategy

Toronto's Waterfront

The Toronto Waterfront Revitalization Corporation (TWRC), working closely with the City of Toronto, has launched the development of an implementation strategy for revitalizing the Port Lands – an approximately 400 hectare district bounded by the Keating Channel/Don River and Lakeshore Boulevard in the north, the Toronto Inner Harbour in the west, Ashbridges Bay in the east and Lake Ontario and Tommy Thompson Park in the south.

TWRC and City of Toronto waterfront planning efforts to date have established an overall vision for the area, what's needed now is a strategic road map outlining the critical steps to achieving this vision in the short, medium and long term.

Public input is important to the planning and design of a vibrant, mixed use community in the Port Lands. We would like to invite you to a Port Lands Public Forum:

Thursday, March 3rd, 2005
6:00 – 9:00 p.m.
Toronto Fire Academy (Auditorium)
895 Eastern Ave., Toronto

This meeting will be split into two parts, starting with an open house from 6:00 -7:00 p.m., followed by a precinct plan presentation and facilitated discussion from 7:00-9:00 p.m.
