

# TORONTO'S LOWER DON LANDS INNOVATIVE DESIGN COMPETITION EXHIBITION LAUNCH AND PUBLIC FORUM

Monday April 16, 2007 at 6:00p.m - 9:00p.m (Presentations begin at 7:00p.m)

BCE Place, Allan Lambert Galleria, 181 Bay Street, Toronto

*Toronto Waterfront Revitalization Corporation (TWRC), in partnership with the Toronto and Region Conservation (TRCA) and the City of Toronto launched the Lower Don Lands design competition in February. The Lower Don Lands run from the Parliament Street Slip east to the Don Roadway and from the rail corridor south to Commissioners Street including the Don Greenway. This area serves as a critical connection between the three emerging waterfront communities in the East Bayfront, West Don Lands and the Port Lands. Until now, there has not been an overall vision for integrating these various waterfront revitalization projects and addressing the complicated infrastructure challenges this area presents. The design competition is intended to produce a bold and compelling design concept that makes the river a central feature while at the same time providing for new development and connections to the rest of the city.
