Waterfront Toronto Update

INVITATION: Port Lands Flood Protection Public Information Centre

June 19-20

Join us on June 19 and 20 at Toronto City Hall to learn more about the Port Lands Flood Protection Project. During City Hall opening hours on both days, displays will be available showing up-to-date designs for the parks, river, roads and bridges we're building in the Port Lands.

On June 20, we're hosting a public meeting at City Hall.

If you attended our meeting last July, we encourage you to join us again to see how the designs have progressed and incorporated your feedback.
